SIGN PERMITS

MOHAVE COUNTY SUBSCRIBES AND ADHERES TO THE 2006 IBC & APPENDIX H. THE FOLLOWING ARE THE REQUIREMENTS FOR SIGN PERMITS:

Permits must be obtained on ALL SIGNS.

Specify how the sign is to be placed, whether “stand alone” or attached to a building. This information will need to be placed on a Site Plan showing compliance with zoning setback regulations. State if it will be an electric sign. A copy of the proposed sign showing the wording is helpful.

Plans are required for review. Please include the “value/cost of the sign”. All sign permits will be reviewed individually and may be subject to engineering. Design and construction of signs should conform to the 2006 International Building Code, Related Chapters Section 3107 and Appendix H as specified. Electric signs shall have an approved disconnect and outlet per National Electric Code, 2005 Edition. All permitted signs are subject to inspection.

PLEASE REFER TO ATTACHED COPIES FOR FURTHER INFORMATION REGARDING PROJECTION AND CLEARANCE (FROM 2006 INTERNATIONAL BUILDING CODE)
ATTENTION

CONTRACTORS
AND
HOME BUILDERS

Frontier Communications is requesting they be contacted regarding the location and installation of TELEPHONE FACILITIES in all new buildings - commercial and residential – before construction begins.

For installation requirements, telephone Frontier Communications at (800) 921-8101 before beginning construction of buildings to which telephone facilities will be connected.

You may also visit them at Frontier Communications
